

COLTON PLANTE

Charlotte, NC • (407) 325-7644 • mpthrees33@gmail.com • linkedin.com/in/coltonplante • clea-solutions.ai

SUMMARY

Founder of an agentic AI company built on six years of top-quartile B2B construction sales. Designs and builds production-grade AI systems — on-prem document-processing agents, fine-tuned local LLMs, and agent orchestration with governance — that automate the distribution workflows learned firsthand selling \$3.5M+ per year into the construction channel. Rare combination: can architect the agentic system and close the deal.

EXPERIENCE

Clea Solutions — Founder

Charlotte, NC | Dec 2025 – Present

Agentic AI systems for construction & distribution businesses — on-premise, grounded, human-in-the-loop.

- Built an intelligent document-processing agent that turns purchase-order PDFs into validated, ERP-ready orders, with independent validation layers and human review flags on every uncertain field — fully on-prem, so no customer documents leave the building.
- Engineered an end-to-end local LLM fine-tuning pipeline (QLoRA via TRL/PEFT/bitsandbytes, merged and quantized to GGUF, served with llama.cpp on repurposed server GPUs) that drafts email replies in the user's own voice, trained on their sent mail.
- Designed Mission Control, an agent orchestration and governance layer managing every agent's prompt, memory bindings, tool permissions, and run history — built on Azure AI and secured with Microsoft Entra ID.
- Ship the product site and live demos in Next.js/TypeScript/React; run an agentic development workflow (Claude Code) daily across the full stack.

Trinity Surfaces (formerly Trinity Tile) — Sales Representative, Carolinas Territory

Charlotte, NC | Jun 2020 – Present

- Built the Carolinas territory from a zero book of business — hired mid-COVID — into \$3.4M+ in annual paid tile revenue at 41–43% gross margin (\$3.28M in 2023; \$3.42M in 2025).
- Ranked #8 of 32 sales representatives company-wide in 2025 revenue (\$2.7M billed, \$1.26M gross margin) as a single-rep, multi-state territory.
- Grew a specialty product line (Capri, Audrey Lane, 2tec2) from zero to \$2.8M in cumulative sales across 150+ unique accounts, peaking at \$815K in a single year.
- Manage 20+ active accounts monthly — flooring contractors, commercial GCs, and design firms — including product supply for national rollouts such as Morgan Stanley office locations in NY, CA, and AL.
- Sustained 40%+ gross margins for six consecutive years through spec-driven, consultative selling into the architecture & design and commercial construction channels.

Travel Country Outdoors — E-Commerce & Amazon Channel Manager

Altamonte Springs, FL | 2013 – 2020

- Grew Amazon channel sales 200% year-over-year (2018–2019) and launched a new fulfillment warehouse, opening a second e-commerce sales channel (FBM) for the family retail business.

EDUCATION

Rollins College, Crummer Graduate School of Business — MBA, 2020 • Entrepreneurial Scholar of Distinction; consulted for NASA's patent-commercialization program

Florida State University — B.S. Entrepreneurship, 2018 • Florida State Football (2015–2018), All-ACC Academic Honor Roll

SKILLS

AI & Software: Agentic system design • LLM fine-tuning (QLoRA, LoRA, TRL, PEFT, bitsandbytes) • Local inference (llama.cpp, GGUF quantization) • RAG & grounding • Prompt/context engineering • Agent orchestration & governance (Azure AI, Microsoft Entra ID) • Python • TypeScript/React/Next.js • Claude Code

Sales: Territory management • B2B construction & distribution channel (contractors, GCs, A&D community) • Consultative & spec-driven selling • Margin management • Forecasting • ERP/CRM order workflows
